

Music Production Intern

Internship title: Music Production Intern

Organization: ASU SolarSPELL Initiative (Solar Powered Educational Learning Library)

Location: Tempe and/or remote

Type of internship: For credit or non-paid; approximately 10 hours per week

Application deadline: November 22, 2024; applications are accepted on a rolling basis and will continue to be accepted and reviewed every week until the position is filled.

Start date: January 13, 2025

Description:

SolarSPELL is seeking a music production intern to assist in the creation and production of a theme song that reflects the mission and values of our global educational initiative. This intern will work closely with the SolarSPELL team to refine an existing rough version of the song and bring it to a professional standard. Depending upon time and interest, there is the possibility to create and produce additional songs to support the initiative's efforts. The final product(s) will be used in various media and outreach initiatives, enhancing our organization's branding and storytelling efforts. This role offers the unique opportunity to apply music production skills in a meaningful way, contributing to an organization that aims to improve access to education in resource-constrained regions to children around the world.

SolarSPELL is a global educational initiative at Arizona State University that combines solar-powered technology, digital libraries, and local capacity building. We work to build internet-ready skills and improve educational opportunities around the world. Our offline digital library is designed to bring educational content to resource-constrained locations that may lack electricity, internet connectivity, and/or traditional libraries. The SolarSPELL library emits an offline WiFi hotspot, to which any WiFi capable device (smartphones, tablets, laptops) can connect and freely, and safely, surf thousands of

resources that are carefully curated and continually improved to meet local information needs.

More information on SolarSPELL can be found at solarspell.org.

Interns will be expected to attend a new intern orientation and participate in an end-of-semester presentation. Ideal candidates will be detail-oriented and self-starters.

Essential Duties:

- Collaborate with the SolarSPELL team to edit, enhance, and finalize the existing rough version of the theme song
- Utilize audio editing software to mix, master, and produce a high-quality recording
- Assist in integrating the theme song into multimedia formats, ensuring compatibility for use across digital and offline platforms

Qualifications:

- Experience in music production, including audio editing, mixing, and mastering
- Proficiency in music production software
- Strong attention to detail and the ability to work independently while meeting deadlines
- Globally minded; you have a desire to work for a department that serves communities from all over the world

How to apply: If you are interested in applying for this position, please submit a resume and cover letter to Cassie Barrett at cbarre38@asu.edu. All documents should be in PDF format and follow the naming style of [LastName_FirstName_DesiredPosition]
